Mandatory Face Covering - Niagara Region

comments

I wish the following information be provided to all members of Regional Council prior to the Special Meeting on July 23, 2020. First, let me say, I support the passing of the proposed By-Law for Mandatory Face Covering in Public Spaces. To not pass the By-Law puts all residents of the region and visitors at an extreme health risk. Residents have done an admirable job of reducing the cases within the region, however, now it not the time to take our "foot off the gas", so to speak. I would like each of you to perform this little "experiment" prior to your next meeting. Go to a store (Canadian Tire or

Lowes or Sobeys or Shoppers Drug Mart or another establishment) Walk through the store while observing all the regulations on social distancing, wearing a mask if required by the establishment, one-way aisles, etc.. How many times were you unable to stay 2 meters away from someone else who was not wearing a mask? My observations as I go through my daily or weekly shopping routines (while wearing a mask) is that I come in close contact with at least 6 maskless people during the visit. That's 6 opportunities for me to become infected with Covid-19 every time I go to a store. The experts say "WEAR A MASK". Regional Council needs to pass this By-Law now!

reply
yes
