Presentation Details

I would like to be given the opportunity to briefly outline some of existing scientific literature regarding the benefits and risks of face masks and also highlight some less visible implications of the Mandatory Mask Bylaw that are negatively affecting the people and business owners the Niagara Region, providing first hand accounts from across the entire Niagara Region. I would also like to leave the council with a few simple questions to consider before making the decision to extend the Bylaw. Thank you for your time and consideration, - Cullen McDonald
