Hello Anne - Marie,

I appreciate your confirmation for my delegation to the Regional Council held today, September 17th, 2020.

I would like to put in my place Angela Braun as my delegate. For many years, Angela is a professional educator of children and youth. She is also a mother of [REDACTED] children and curriculum advisor for the educational movement:- "Veritatis Splendor" which is in the developing process.

[REDACTED] I wouldn't be able to come on time to the Zoom meeting. Therefore, I would like Angela Braun (her address and phone number is provided below) to speak today on the following topic:

Against Mandatory, "New Norms" / Measures (especially in regards to children):

1) Who is taking the responsibility for the harm created by the mandatory measures - especially in a relation to children while in schools and recreational institutions?

Public Health Ontario is not taking any responsibility for mandatory masks, tests and sanitizers. Therefore, any harm done to children from these measures has to be addressed for reliability towards those, who directly imposed such measures and created by-laws.

2) What medical data say about mandatory masks, social distancing and lockdown imposed on children?

## Toronto Sick Kids Panel original report

**“Non-medical and medical face masks are not required or recommended for children returning to school.**

strict physical distancing should not be emphasized to children in the school setting as **it is not practical and could cause significant psychological harm**

- **Close interaction, such as playing and socializing is central to child development and should not be discouraged**
- **During outdoor activities, such as recess, physical distancing should not be required**
- **Sports and physical education classes should be encouraged and continue according to available protocols.**
- **Schools should endeavour to offer as many of their usual clubs and activities as possible.”**

3) Conclusion:

There is no medical data that would support any of the imposed measures in a relationship to COVID -19. In case of children there is almost 0% of death rates and spread. This particular type of coronavirus is less harmful than every seasonal flu. However mandatory measures are very harmful to people's health (both: physical and mental); and has devastating effects on people's financial well being as it collapses our economy (Niagara region suffers tremendous devastation of small businesses).

In regards to children, schools and taxes:

Many of us did not send our children to schools this year as forced mandatory measures are extremely dangerous to the well being of our children. Therefore, in addition, we should be exempt from paying taxes for schools that we do not wish to support at this point.

Once again, we do not agree on the mandatory measures such as: masks, social distancing, lockdown or possibility of mandated vaccination. It's all created by the politicians who suppose to serve us not to practice dictatorship. They are our elected representatives not our dictators. Medical data does not support any of such mandatory measures; but instead medical data points clearly harm that such measures create.

Thank you,  
Beata O'Connell

Good morning Beata,

Please accept this email as confirmation of your delegation to Regional Council at its meeting being held on September 17, 2020 respecting the Face Covering By-law. Our offices are currently closed to the public and we are holding our meetings using electronic participation. The meeting begins at 6:30 p.m. via the Zoom meeting platform. Please note that Regional Council meetings are streamed on the internet and/or broadcasted on a local cable network.

In accordance with the Procedural By-law, you will be granted ten (10) minutes to speak, followed by an opportunity to address any questions from Council members. Your delegation may include up to five (5) persons; however, you are limited to two (2) speakers permitted to speak not more than ten (10) minutes in total. Only new information is to be presented by successive speakers of such delegation.

Your delegation request will form part of the official record of the proceedings of Council and will be considered a public document.

Please provide me with any presentation materials and/or speaking notes by 9:00 a.m. on Thursday, September 17.

Once all the delegations are complete and Council has asked any questions, you will be removed from the meeting. At that point you can continue to view the meeting via live stream at the following link:  
[https://www.niagararegion.ca/government/council/default.aspx?home\\_task=1](https://www.niagararegion.ca/government/council/default.aspx?home_task=1)

The meeting will start at 6:30 p.m. Please note the following:

- You will be placed in the Zoom waiting room until we are ready to admit you to the meeting.
- You will be required to use both audio and video (if possible) during your delegation
- Please join the meeting before 6:30 p.m. so that we can conduct an audio and video check, once the check is complete you will be placed back in the waiting room until we are ready for the delegations.
- When you join the meeting and provide your name, please ensure it matches what was on your submission so that we know who is joining the meeting. If you will be phoning in, please provide me with the phone number so that I know to allow you into the meeting.
- Prior to providing your delegation, please have your video off and your audio on mute, the Chair will call on you when we are ready for your delegation
- Once you have finished speaking, please ensure you mute yourself until you are asked a question
- Once Council has completed discussion on the delegations, you will be "removed" from the meeting. At that point you can continue to view the meeting via live stream if you choose.

As noted above, if you are calling in, please provide me with the phone number you will be calling in from.

The Zoom meeting details are as follows (you do not need to have a Zoom account to log in, you can choose "join a meeting" from the Zoom website or from the link below):
