New Hospital Overview

How WLMH Helps the Niagara Region

CT Scans and other diagnostics: Wait times reduced

20,000 patients in emergency: Alleviate system & Reduce off-load times

6,500 surgeries: Reduced wait times

Treatments & procedures: More care and less wait time

Mental health treatments: Supports overall healthcare

Palliative care: Increase needs close to home & physicians training

Geriatric clinic: Reduction in emergency visits

Regional Reliance on Healthcare

Regular family doctor visit

Mammogram completed at WLMH

Biopsy performed at WLMH

Oncologist at Niagara Health recommends surgery - mastectomy

Surgery is performed at Juravinski Cancer Centre and initial recovery care

Jane returns to WLMH for care close to home. Recovery is followed by family doctor and specialists

Chemotherapy treatment is recommended and held at Niagara Health

Follow up care is provided through clinical services at WLMH

“

Niagara Health is supportive of WLMH's new build and its mission to provide the best care for Niagara residents and its role in supporting healthcare providers across the Region.”

Dr. Thomas Stewart, CEO, Niagara Health and Lynn Guerriero, President, Niagara Health

“The rebuilding of WLMH stands as a tangible example of the government of Ontario's investment in a vision of integrated, high quality, healthcare available close to home....WLMH is a critical gateway for Niagara residents requiring specialized medical care offered at tertiary hospitals.”

Rob MacIsaac, President & CEO, Hamilton Health Sciences

Partnering Together...to fund WLMH

Located in Niagara

Serves Niagara residents –
bringing care close to home
