Presentation Details

My presentation to Regional council will bring into question the reasons given by the Medical Officer of Health imposition of additional conditions placed on Restaurants here in Niagara. It is my position that these conditions have incorrectly targeted an Industry as a spreader of this virus. The Order includes Restaurants in which the vast majority of income is from food sales unlike Bars where the majority is from Liquor sales. My main concern is that these restrictions will be devastating to the Restaurant Industry in Niagara. My purpose is that Regional Council reconsider these restrictions
