

Subject: Economic Recovery Plan Update 3

**Report to:** Planning and Economic Development Committee

Report date: Wednesday, February 17, 2021

#### Recommendations

1. That Report ED 5-2021 **BE RECEIVED** for information.

### **Key Facts**

- The purpose of this report is to provide Planning and Economic Development Committee (PEDC) with an update on the progress of the implementation of the Economic Recovery Plan.
- Information on individual actions is included regularly in the monthly COVID-19 Response and Business Continuity in Economic Development reports to PEDC.
- This report provides an overview of the progress of the Plan using shading to visually represent the stages of the implementation.
- Niagara Economic Development project manages the implementation of the plan in collaboration with the Economic Rapid Response Team (ERRT).
- The action items within the Plan are owned by the ERRT and require support from these members and business stakeholders across the region to complete.

#### **Financial Considerations**

All financial implications of implementing the Economic Recovery Plan are being funded by the operational budget of the Economic Development division or through applications to granting programs made available by the Provincial or Federal government.

# **Analysis**

The Economic Recovery Plan was developed in collaboration with the ERRT and external stakeholders across the region. Although, Niagara Economic Development is providing leadership for its implementation and project management, support is required from the ERRT and business stakeholders across the region to advance and complete.

The actions in the Plan are organized under three pillars: Research and Information; Advocacy and Resilience. Each pillar has Immediate, Mid-Term and Long-Term

actions. This time-line is intended to progress in alignment with the Province's Framework for Business Re-opening.

The first actions to be initiated were the Immediate and Mid-Term. Some of these actions are now completed but the majority, once started, are ongoing to continue to support Niagara's businesses. The Long Term actions were intended to be initiated when the Province provided direction that we are entering Stage 3. In July 2020 we reached Stage 2 Phase 3 but for now the Province has halted re-opening to control the increasing COVID-19 numbers.

This chart indicates actions that have progressed or been initiated since the last report ED 15-2020 Economic Recovery Plan Update 2 in November 2020.

Actions	Status/Progress	Notes
Engagement with stakeholders representing tourism, manufacturing, agribusiness and the Taskforce	On-going	A third Business Impact Survey has been developed. It is sector specific focused on manufacturing, agribusiness, tourism and non-profit/charities. The launch of the survey has been delayed due to the current lockdown.
ERRT website updates	On-going	COVID-19 Business Support Site has been updated to be more user friendly: <a href="https://niagaracanada.com/covid-19-2/">https://niagaracanada.com/covid-19-2/</a> Information on government programs and protocols is added on an ongoing basis.  Profiles of resilient businesses in Niagara are also being developed to be showcased on the website.
Buy Local Campaigns	Completed/On-going	NED supported existing municipal Buy Local campaigns by amplifying their marketing and where appropriate helping with the development of a campaign. Although aimed at the Holiday Season, these campaigns

Actions	Status/Progress	Notes	
		continue and are being run by local Economic Development Offices.	
PPE Directory	Completed/On-going maintenance	The directory is developed and on the website. New companies are added on an ongoing basis.	
Transition the OpeninNiagara.com tool into a regional online business directory	In-progress	The Economic Recovery Plan identified the need to transition this tool into a permanent online business directory to encourage buying-local and for local supply chain inquiries. NED is working with Niagara Region Planning and IT to develop this directory using the Niagara Employment Inventory database.	
Fed Dev Ontario – Tourism Adaption and Recovery Fund	On-going	Fed Dev approved an application to this grant fund to assist tourism dependent businesses with the impacts of COVID-19. An application and evaluation process was developed with the ERRT members. Applications are currently being approved for the first round of funding. NED developed and implemented a communications plan to promote the funding opportunity.	
ERRT Update calls to the Taskforce in partnership with Public Health	Bi-weekly calls	NED facilitates biweekly calls with the expanded ERRT Taskforce as a communications channel to get information to businesses on Public Health protocols and government announcements. To date we have had 10 calls with an average attendance of 30 stakeholders. As new information becomes available between calls, it is circulated to the Taskforce members.

Actions	Status/Progress	Notes
Training and education for businesses, hosting online webinars	Pilot project to be completed in February 2021	NED invested in the expansion of the Small Business Enterprise Centre services in Niagara. They are providing outreach to businesses through one on one consultations as well as webinars on topics to support businesses. NED assists in the marketing of the webinars.
Supply Chain replacement project	In-progress	To date three meetings and a focus group have been held with manufacturers and representatives from the Niagara Industrial Association to analyze the regional supply chain and identify opportunities for businesses to collaborate on local opportunities and build a more resilient supply chain.
Monitor and Assess the impact of remote education on Niagara's economy and employment needs	Due to be completed February 2021	NED has partnered with the Niagara Workforce Planning Board to conduct an analysis of the economic impact of students studying online. The analysis includes impacts on labour market, discretionary spending, the housing market and public transportation.
Provide regular research updates to stakeholders on general market conditions.	On-going	Economic Update report was provided to PEDC in November, including data on the effect of COVID-19 on the economy. Next update is due in March/April depending on the availability of data.

Below is a high level overview of the action items from the Economic Recovery Plan. Actions in the Plan have been coded as to whether they are Finished, Ongoing or Underway illustrating the progress of its implementation. Actions that are not shaded have not yet been started.
