Presentation Details

I am concerned about the direction of the news industry as well, however I do not support the policy of this motion and wish to speak on these concerns. I am a graduate of Journalism-Print from Niagara College and a local media critic. In my view, media bias is a real issue, including in local politics. The public is not being fairly served by the news media industry. The political bias of the media favours the party of the member making the motion. I do not believe council should endorse this motion for reasons I will present if I am granted permission as a delegation for a late submission. Thank you for your consideration.
