Projects to improve the Region's Asset Management System (AMS) require participation and collaboration from staff across the organization. It is continuing to affect work in 2021.

The overall 5-year plan for asset management system (AMS) improvements is now out of date because of the delays caused by Covid-19. A new strategic planning process will finish in Q3 of 2021 with launch in Q4 of 2021.

Those planned but delayed pending requirements of other projects are Priority 2. This only applies to Region AM delivery structure ID 112, which is meant to support the ITS Electronic Content Management System project.
