To the Regional Chair and Members of Council,

As a lifelong resident and citizen of Niagara, I am writing to express my support for the transit amalgamation plan being put forward on November 25th.

Niagara ***needs*** a better transit system. Better public transit means a better quality of life for us all. By removing this barrier it will reduce poverty, reduce our carbon footprint, and help grow our economy. And, it will encourage young people to stay here and help working families thrive.

This amalgamation is the first step on the path to the public transit system Niagara needs and deserves. I urge you to support it with your vote on the 25th.

Thank you for taking the time to read my request. Have a wonderful and safe day!
