To the Regional Chair and Members of Council,

As a resident and a citizen of Niagara Region, I wish to express my support for the transit amalgamation plan being put forward on November 25th.

Niagara needs a better transit system. Better public transit will reduce poverty, reduce our carbon footprint, and help grow our economy. It will encourage young people to go to local college/university and stay here.

This amalgamation is the first step on the path to the public transit system Niagara needs and deserves. I urge you to support it with your vote on the 25th. Thank you.
