Organization

standing committee
Regional Council

Presentation Topic

A plea to protect the NHS with a vote for 3C vs 3B

Presentation includes slides

No

Previously presented topic

No

Presentation Details

I plan to represent myself as a resident of St Catharines who has been here for almost 12 years and as a citizen concerned about the Climate Emergency, in which we now, undoubtedly find ourselves. I have been following the debate about the level of protections suggested for the Natural Heritage System as part of the New Niagara Official Plan (3B vs 3C) and have studied the Climate Change Discussion Paper written in 2019 that supports the argument for bold protections of biodiversity in order to mitigate the effects of climate change. I want to express my thoughts to councillors about what I see as their responsibility as leaders on Regional Council and to also impart my own understanding of what it is to put Reconciliation into action - in particular, to share what I have started to learn about indigenous governance and the wisdom of gratitude therein that can guide us towards living sustainably with ALL life in the region, which in my view is a vote for 3C - the most robust protections of an already endangered Natural Heritage System.
