Presentation Details

I would like to discuss the timelines related the transition period of the niagara regional brownfield DC bylaw. The deadline for the building permit issuance is the same time as the deadline to submit an RSC. No municipality will take in building permits, or even issue a site plan approval before submitting the RSC to the MOE. the same timeline for each item is not feasible. I would like to seek an extension in the building permit issuance deadline and reword the item to permit submission.
