# Niagara's Situation Table Expansion: A CSWB Initiative

Public Health and Social Services Committee
September 12, 2023

Anahita Jabbari, Situation Table Specialist

Michelle Johnston, Program Manager, Community Safety and Well-Being

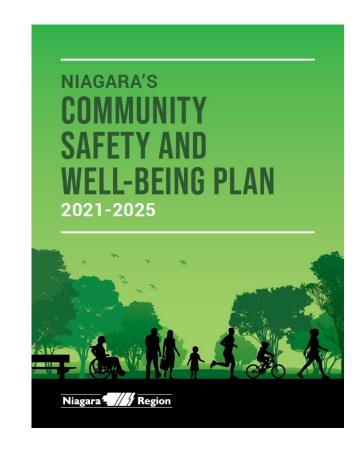

#### **Outline**

- An overview of Community Safety and Well-Being planning in Niagara
- The Situation Table model, history and it's benefits
- · A community-led, local approach to expansion

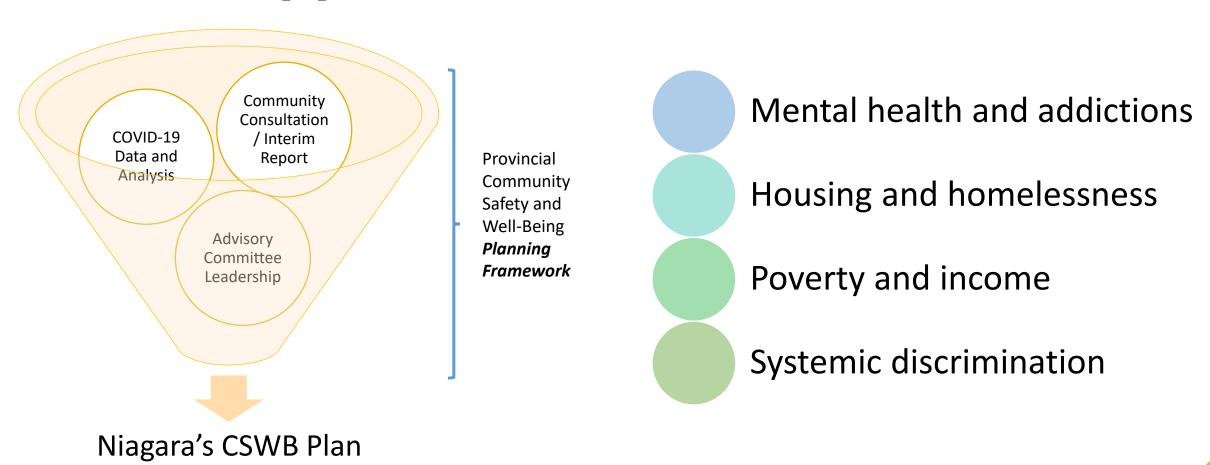

#### **Overview**

- Model for multi-sector collaboration and collective impact
- Led by the Advisory Committee
- Responding to priority issues via Action Tables
- Holistic approach with upstream focus
- Mandated under the Police Services Act

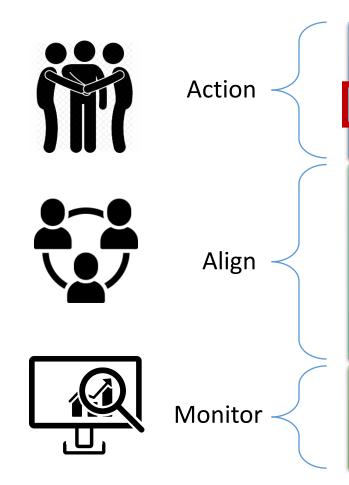

## Local Approach & Areas of Focus

## Niagara's CSWB Plan

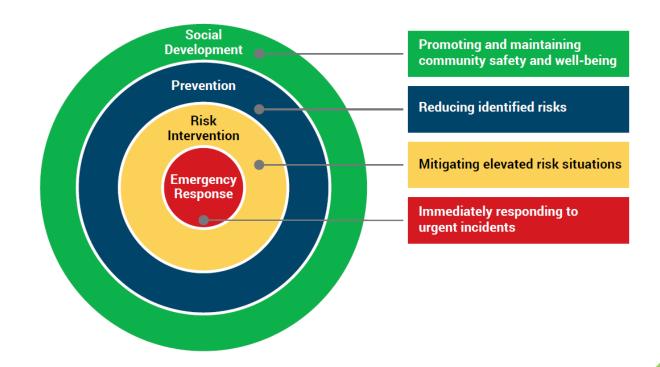

- Streamline responses to 911 calls involving mental health and addictions
- Implement recommendations within Mno Bmaadziwin
- Expand Situation Table model
- Prevent youth involvement in crime (new 2023)
- Improve access to core mental health and addictions services
- Address opioid misuse through cross-sector collaboration
- Create a coordinated access system for those experiencing homelessness
- Support an economic development strategy that advances gender equality and inclusion
- Develop a local poverty reduction strategy
- Health and well-being of seniors aging at home
- Health and well-being of individuals with disabilities
- Domestic/family violence and human trafficking

#### What is a Situation Table?

A regular meeting involving a group of professionals that work together to mitigate risk before an incident of harm or victimization occurs.

## **History of Model**

- The Situation Table model has been used internationally and across Canada
- In Canada, the model was initially adopted in Prince Albert, Saskatchewan in 2011
- In Ontario, the first Situation Table was launched in Toronto in 2012
- In Niagara, the first Table launched in Port Colborne in 2018

## **Example: Chelsea Hub**

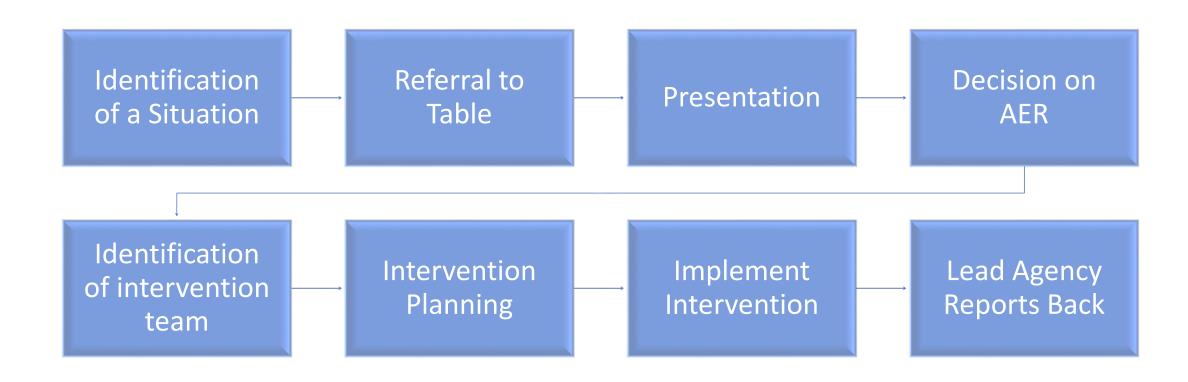

## **Acutely Elevated Risk (AER)**

A situation negatively affecting the health or safety of an individual, family, group or place where there is a high probability of imminent and significant harm to self or others. The risk factors contributing cut across multiple human service disciplines.

#### **Process**

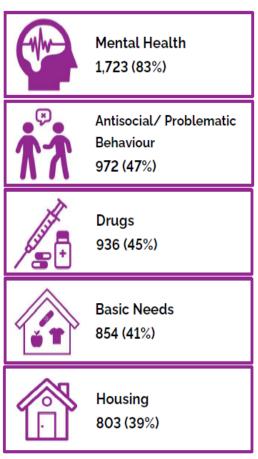

#### **Benefits**

- Improves community safety and well-being
- Reduces barriers and connects individuals to the services they need
- Increases awareness and knowledge of risks, trends and systemic issues
- Risk-driven as opposed to incident-driven
- Improves collaboration and coordination among service providers

#### **Provincial Risk-driven Tracking Database**

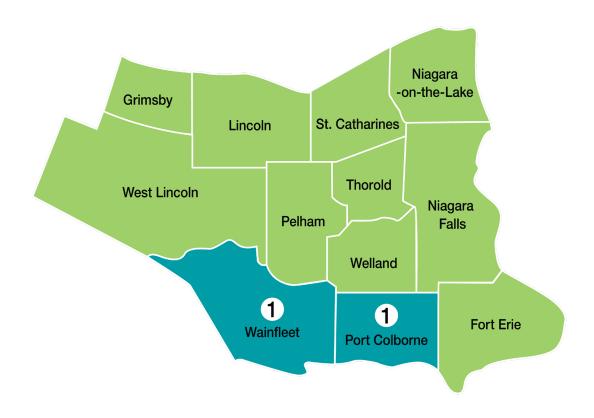

## Our Approach to Expansion

- Community-led
- Data-driven
- Leverages best practices from across Ontario
- Ongoing collaboration with neighbouring municipalities

#### **Current State**

## **Phased Expansion Plan**

Note: Regional providers will participate at multiple tables, thus incremental expansion is necessary to support provider capacity to respond to situations.

## Situation Table Project Plan

July – Aug. 2023 Sept. 2023 Oct. 2023 Oct. – Dec. 2023 Jan. 2024 Ian. 2024 – Mar. 2026 Monitor **Monitor** Phase 1: Phase 2: Plan Train & & Launch Launch **Evaluate Evaluate** • Engagement with • Community-wide Launch St. Catharines Weekly Table meetings • Launch Niagara Falls, Weekly Table meetings & Thorold Table continue **NOTL & Fort Erie Table** continue community training Collect data to inform Create tools and • Expand Port-All Table Monitor outcomes and • Launch West Niagara Monitor outcomes and plan to Welland & Pelham evaluate process **Table** evaluate process resources

**Current state**
