

ROPA PCQ Pit # 3 Extension

Dry Pits for the next 70 years?

Robert Henderson, [REDACTED] Port Colborne.

2024-01-10

Pit 1 capacity 6.15 million m³ = 14,100,000 tonnes* X backfill fee of \$30/tonne = \$423 million**

Pit 2 capacity = about the same = \$400 million

Revenue from repurposed land = \$?? millions

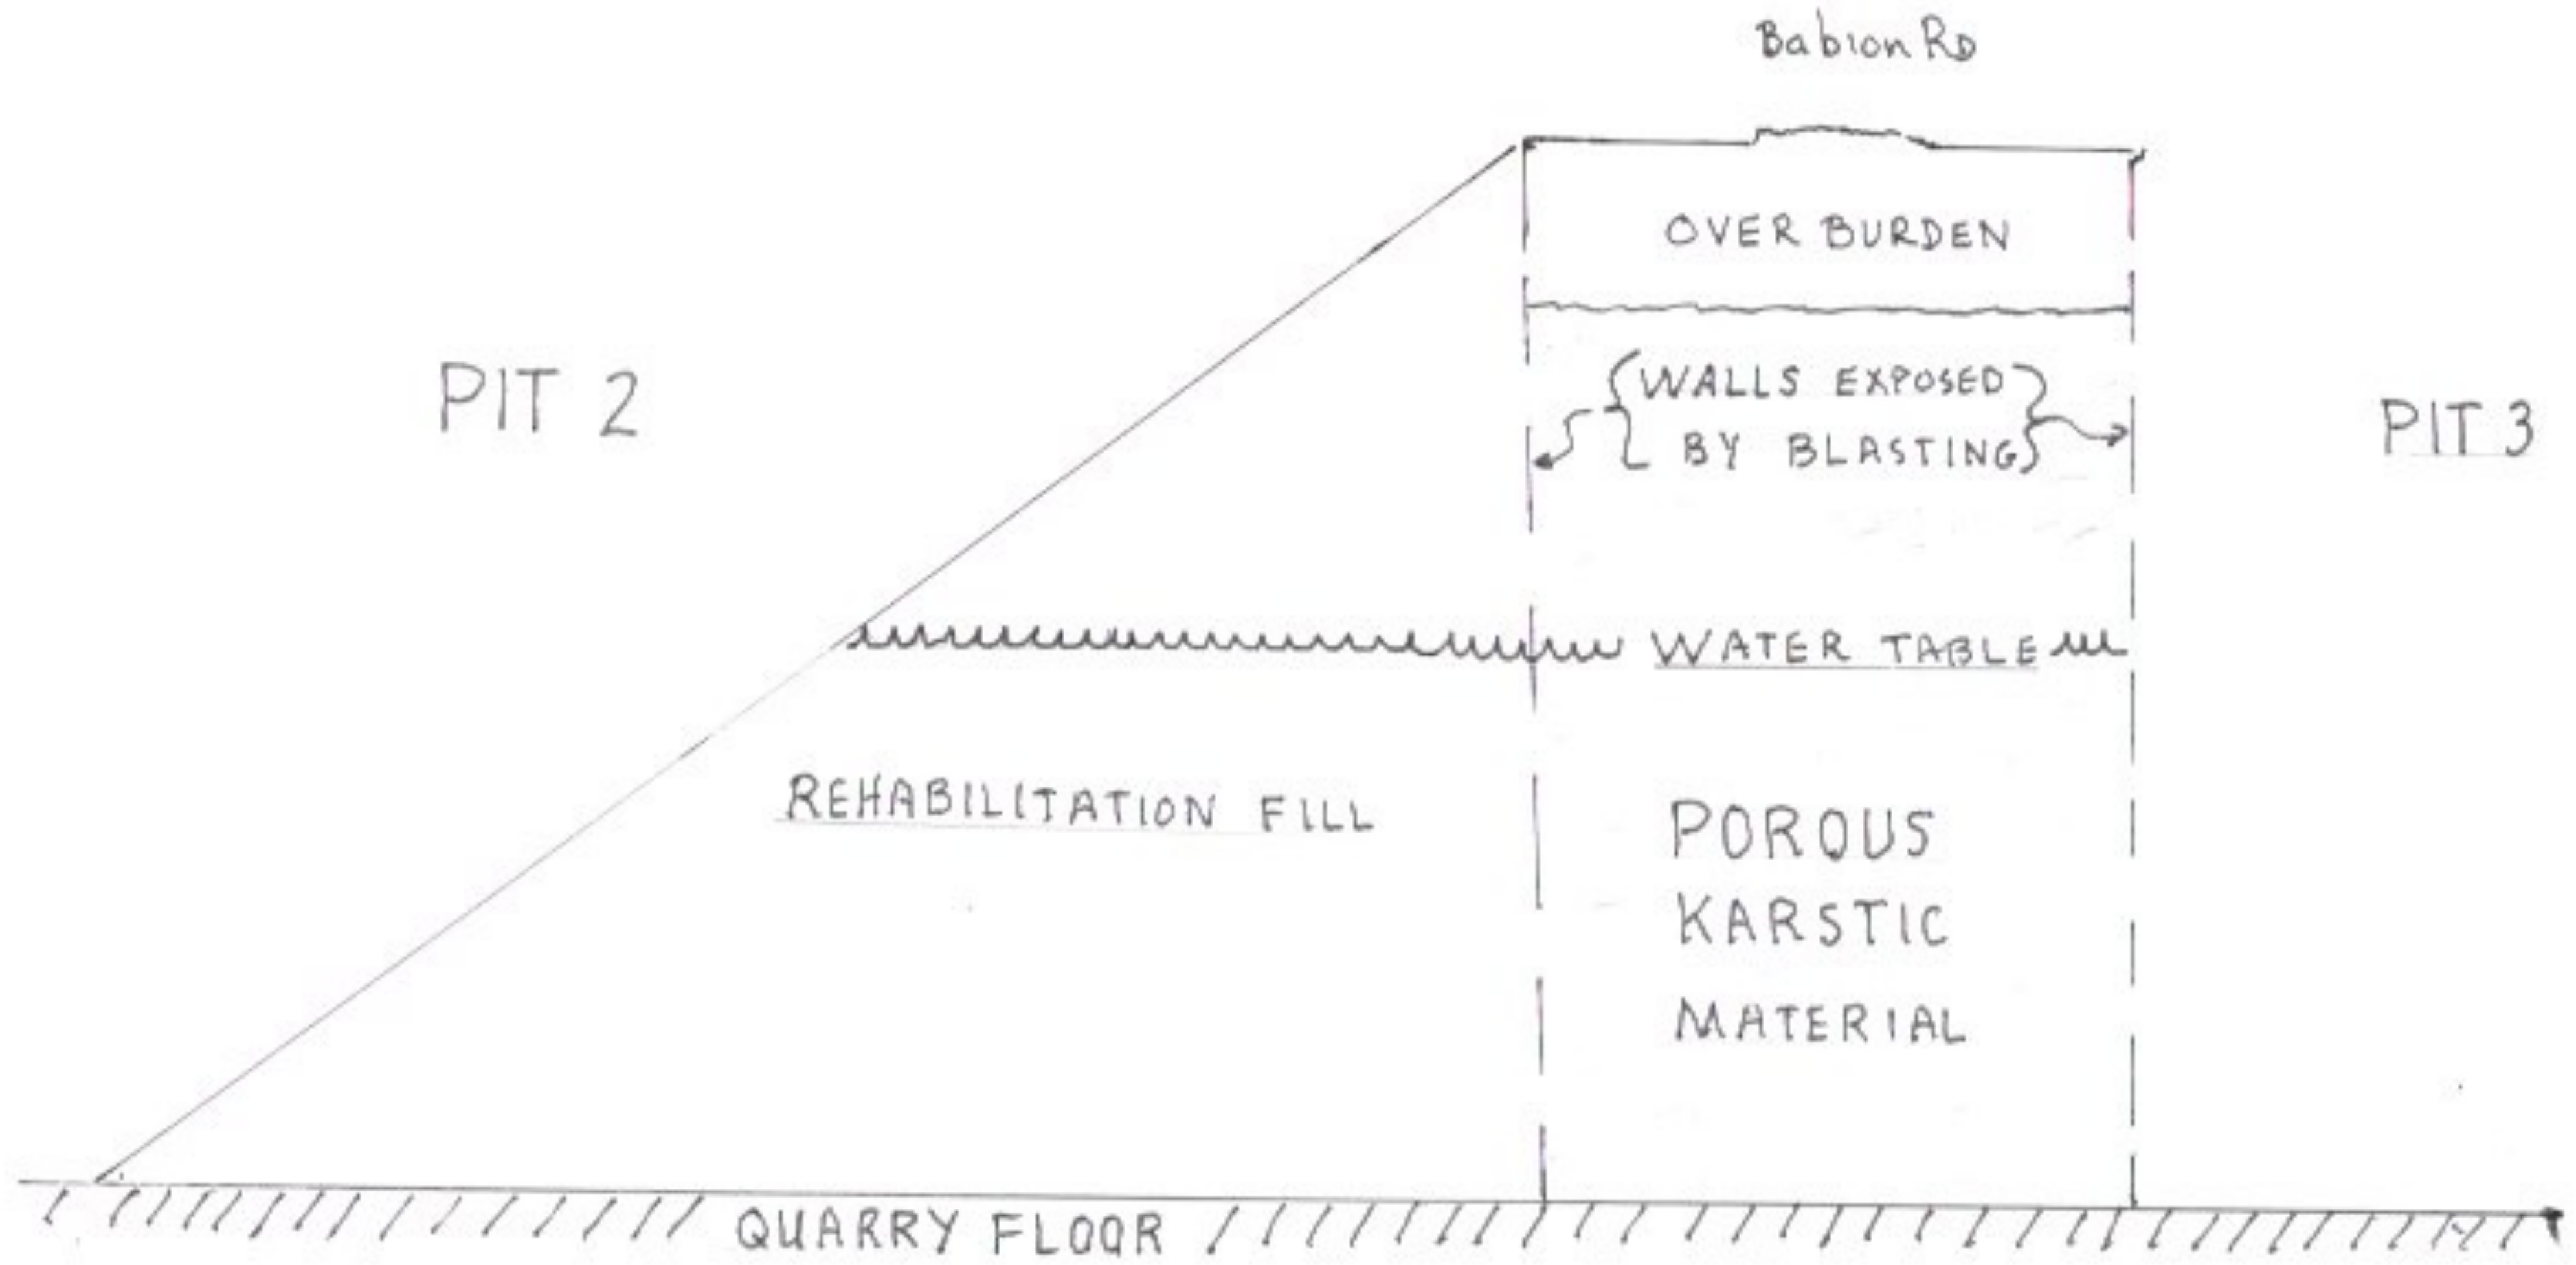

Revenue from construction business for new owners of repurposed land = \$?? Millions

* volume and tonnage numbers are from Golder Soil Management Plan 2019

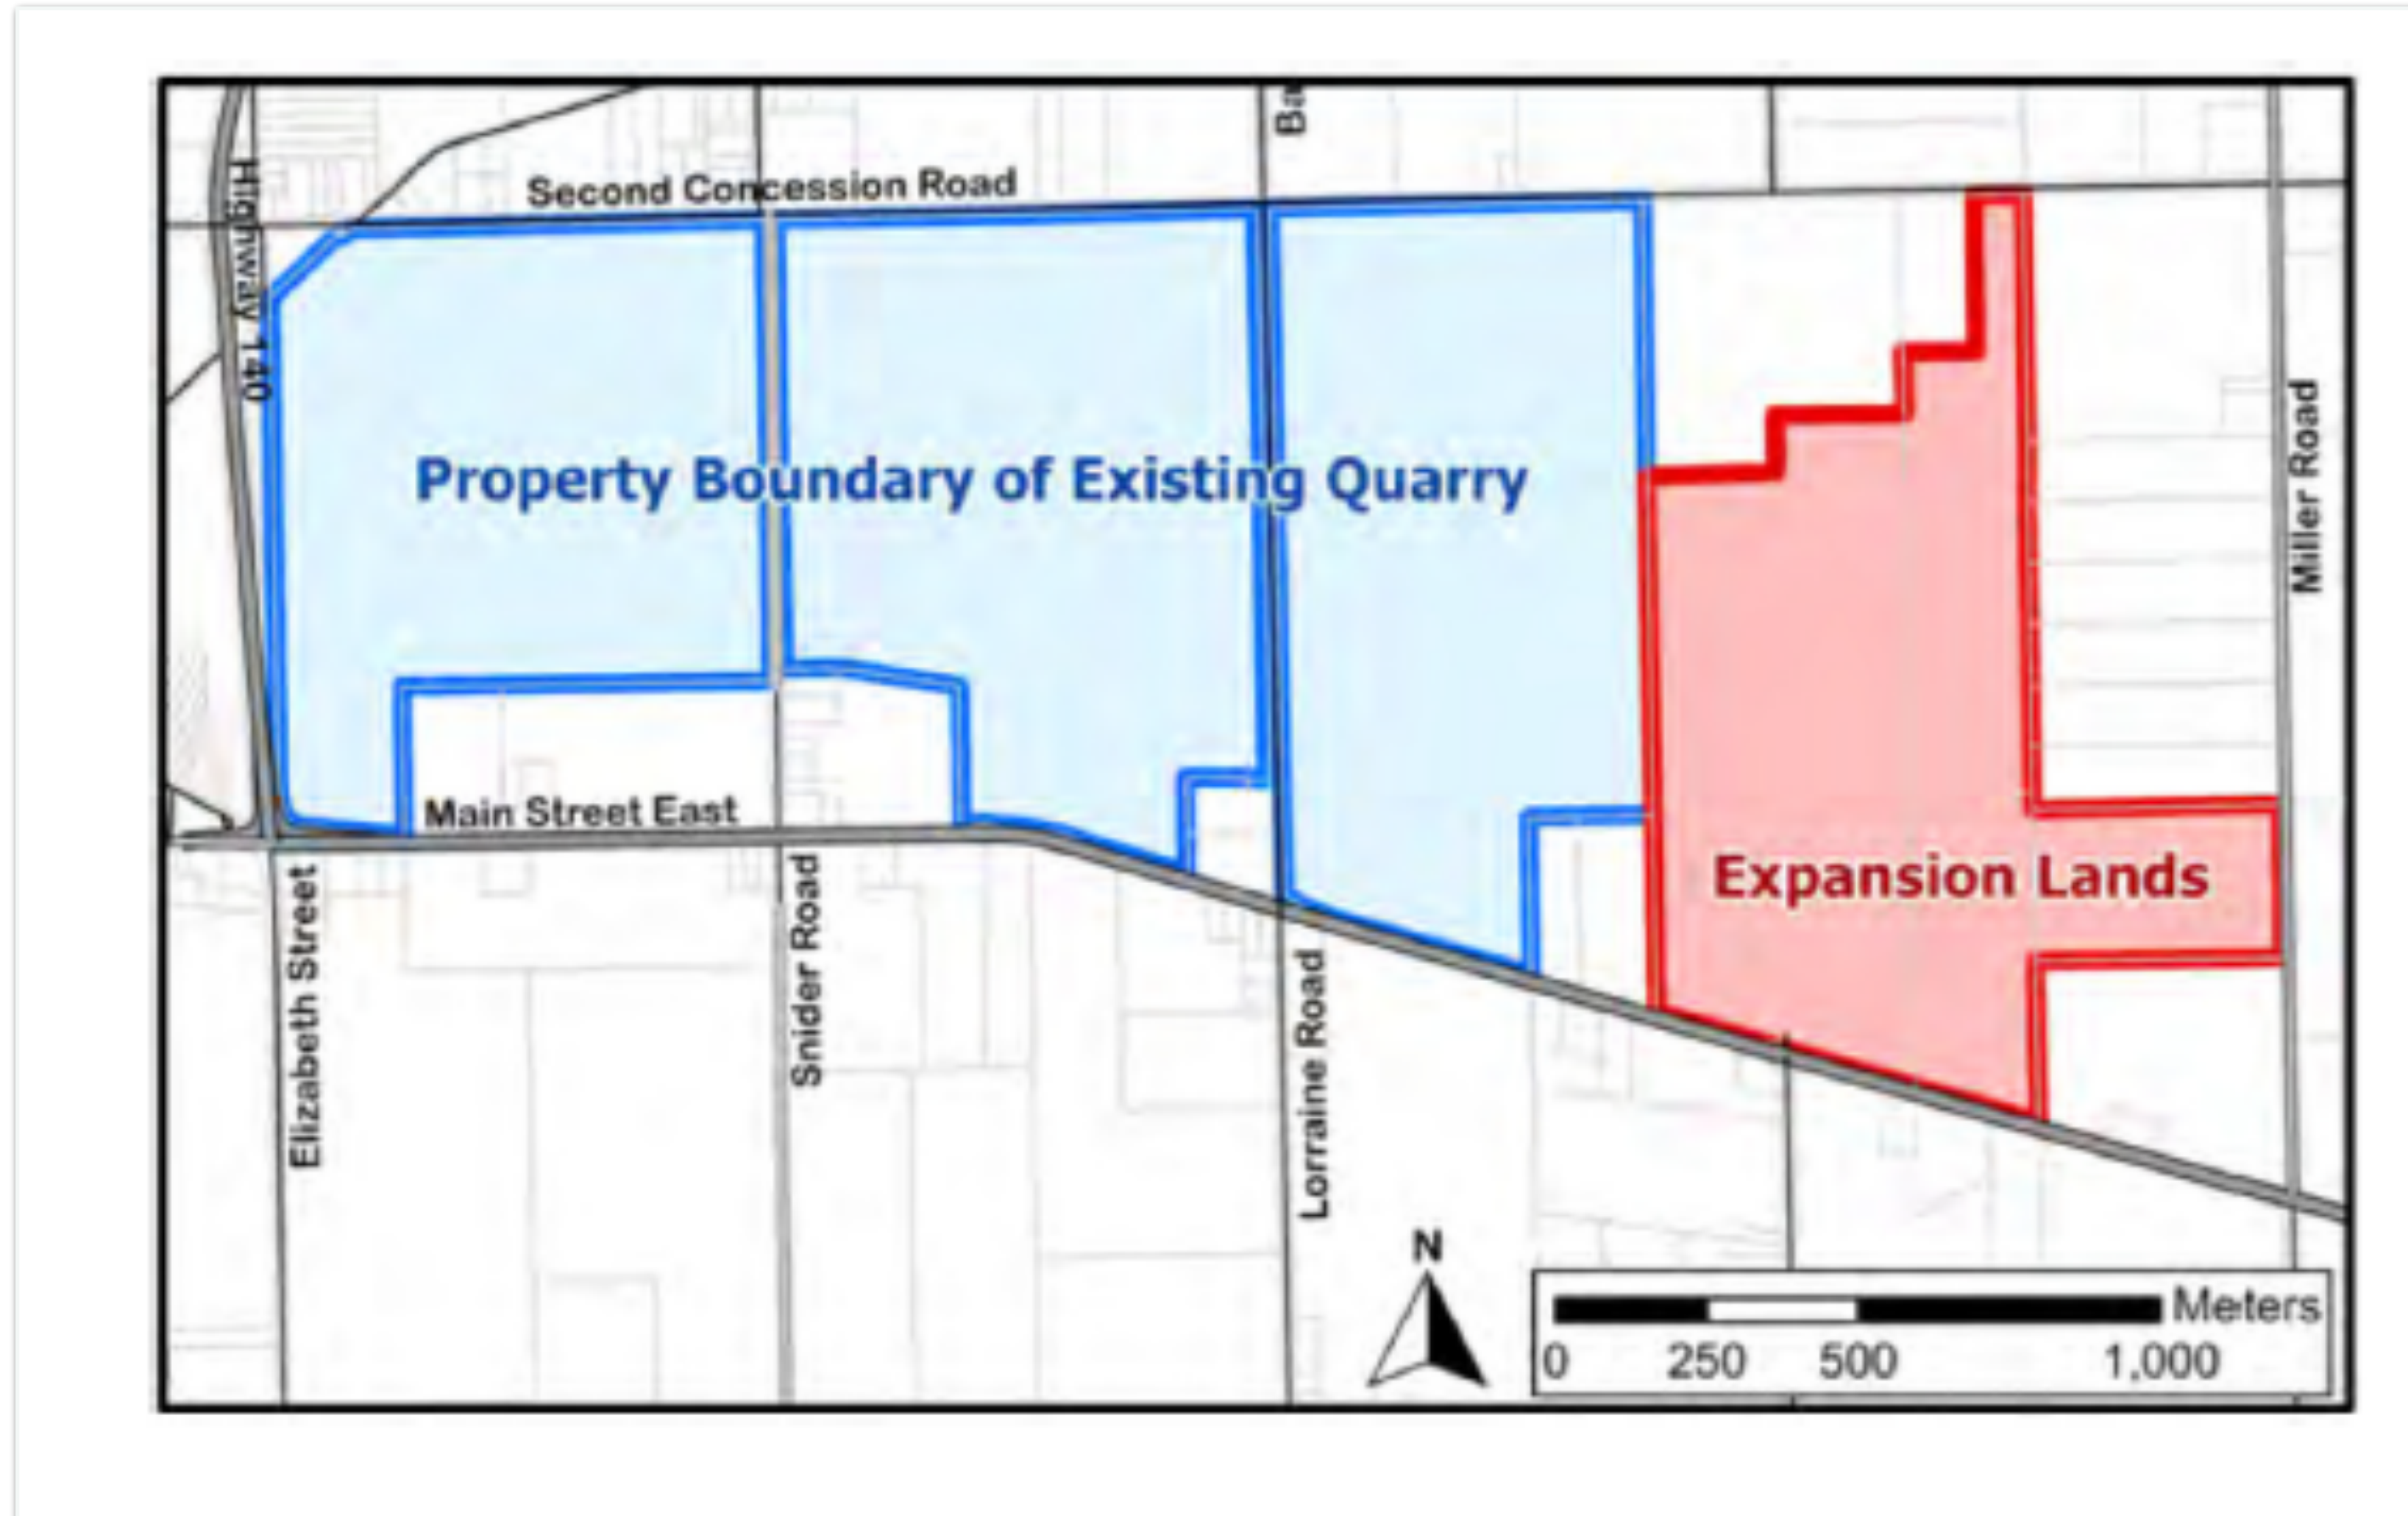

** Backfill fee is from phone inquiry 2019.

Cross section between Pit 2 and Pit 3

Not To Scale

PCQ owns the land north of 2nd Concession Rd opposite the north tab of the Pit 3 Expansion

Either,

this Regional Official Plan Amendment be amended to include a clause that requires PCQ to incorporate an adequate sealing of the east wall of pit #2 in addition to the rehabilitation requirements of licence #4444,

Or

deny outright this Regional Official Plan Amendment application.

Thank You
