

## FCM's Advocacy Days and November 2023 Board Meeting: Report to Council

- This November's Board of Directors meeting took place in Ottawa ON, on November 24, 2023, right on the heels of FCM's annual Advocacy Days event.
- Taking place from November 21-23, FCM's Advocacy Days was another huge success this year, returning to a fully in-person edition on Parliament Hill. Over 100 advocacy meetings took place between our Board members and MPs across government and opposition benches. Local government leaders focussed on key municipal priorities ahead of the next federal budget including housing and homelessness, investment in the next generation of infrastructure and the need for a new Municipal Growth Framework.

- The Fall Economic Statement (FES) was released November 21, Day One of our Advocacy Days. FCM responded to the federal announcement with a **detailed response by President Scott Pearce**. Despite welcoming some steps to improve housing affordability, FCM was concerned that the FES does not reflect the scale of infrastructure investment required to meet the national housing supply gap. FCM underlined that we will be looking to Budget 2024 for a comprehensive, ambitious investment in community infrastructure that matches the record-breaking population growth currently underway in Canada.

- Also during Advocacy Days, on November 23, **FCM President Scott Pearce** and the **Chair of FCM's Big City Mayors' Caucus and Halifax Mayor Mike Savage** announced new research commissioned by FCM that estimates that, on average across the country, the cost of the municipal infrastructure required to support new housing is in the range of \$107,000 per home. When considering the 5.8 million homes that the federal and provincial governments are directing municipalities to approve by 2030, the scale of the gap could reach an equivalent of \$600 billion in municipal infrastructure investment. With municipalities facing limited options to pay for growth, FCM is calling for a national discussion on a new Municipal Growth Framework that links municipal funding with economic and population growth—and which would help unlock municipal capacity and a better quality of life for all Canadians.

- In conjunction with the FCM Board of Directors meeting on November 24, directors participated in peer-led orientation on their role and responsibilities as directors of a national not-for-profit corporation and were also provided with deeper insight into the work currently being carried out by the Green Municipal Fund. During the board meeting, directors also approved a new Code of Ethical Conduct and a Conflict of Interest policy. FCM's President and CEO provided their reports to the board, while no policy committee resolutions were presented during this board meeting.
