

Transportation Master Plan

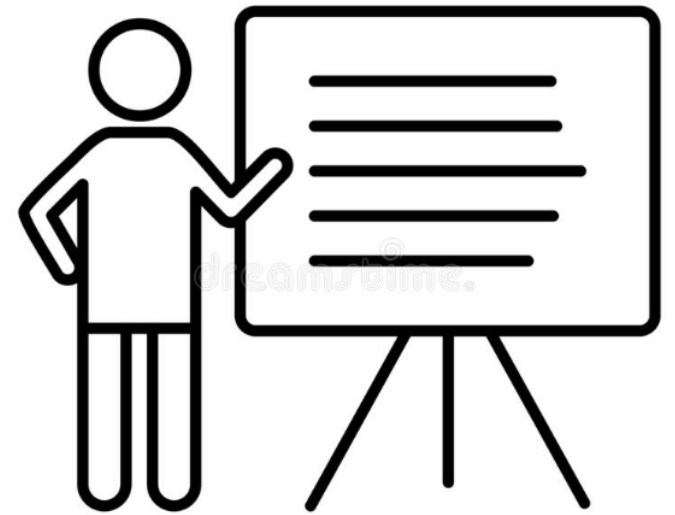

Transportation Strategy Steering Committee

October 30, 2024

Maged Elmadhoon, Manager, Transportation Planning

Presentation Outline

- Why Are We Here?
- Transportation Master Plan (TMP)
- Current TMP (How We Go)
 - Current TMP Overview
 - Current TMP Objectives
- Niagara Region 2051 TMP (under development)
 - Upcoming Areas of Focus (2051 TMP)
- Next Steps in the process

Why Are We Here?

- The TMP was last updated in 2017
- It is time to update the TMP to support future growth
- The TSSC will guide this process
- Today we will begin with a background overview to support those future discussions

The logo for 'MOVING NIAGARA FORWARD' is displayed on a dark grey rectangular background. The word 'MOVING' is in white, 'NIAGARA' is in green, and 'FORWARD' is in white. The text is stacked vertically and centered within the rectangle.

MOVING
NIAGARA
FORWARD

Transportation Master Plan (TMP)

- The TMP outlines a long-term transportation vision for the region to support population and employment growth
- It serves as a basis for decision-making in planning, designing, and implementing transportation infrastructure
- It includes various policies, programs, and action plans

Current TMP (How We Go)

- Niagara Region 2041 TMP (How We Go)
- “How We Go” TMP approved in 2017
- Growth Plan:
 - Managing growth
 - Land use planning
 - Moving people and goods
 - Niagara region growth forecast

Current TMP Overview

- Niagara 2041 Growth Strategy:
 - How We Grow
 - How We Flow
 - **How We Go**
- ✓ The 2041 Growth Strategy goal was for the Region to be more more sustainable, livable and prosperous
- ✓ The TMP was for a 25-year horizon

Current TMP Objectives

Integrate transportation & land use

Support economic development

Enhance multi-modal connectivity

Improve options for sustainable modes of transportation

Maintain & improve the efficiency of the goods movement network

Promote development of healthy communities

Develop realistic yet innovative blueprint for implementation

NIAGARA REGION TRANSPORTATION MASTER PLAN

FINAL REPORT

October 2017

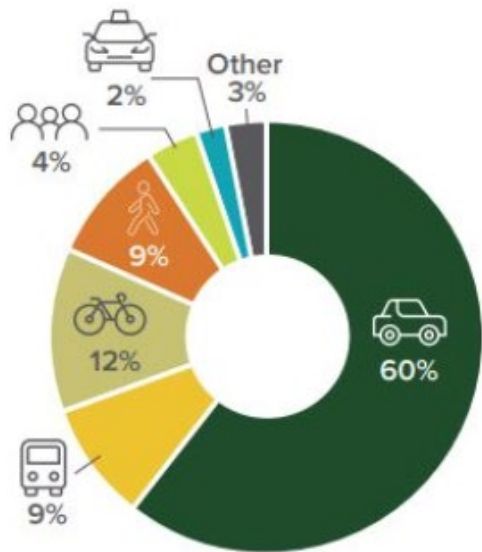

Niagara Region 2051 TMP

- Under development
- **Why a TMP update is required?**
 - To reflect on recent key strategic studies
 - To assist the Region with informed policy direction
 - To inform the 2027 Development Charges By-Law

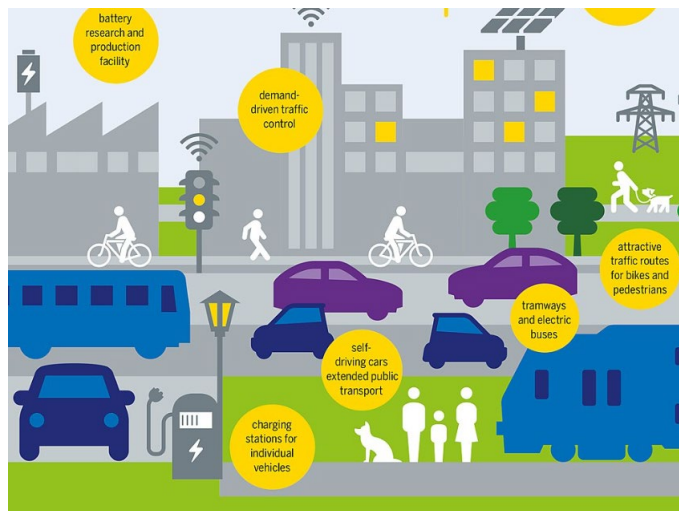

TMP Components

Upcoming Areas of Focus (2051 TMP)

(1) Travel Mode Goals (Modal Split Targets)

(2) Active Transportation

(3) Transportation Demand Management (TDM)

Upcoming Areas of Focus (2051 TMP) Continued

*(4) Goods
Movement*

*(5) Implementation
Plan*

Next steps in the process

- An RFP for the Niagara Region 2051 TMP will be released in Q1 2025
- The TMP update will take approximately 2 years – 2025-2026
- The TSSC will provide input to key elements of the TMP as it develops.
