## 1. Policy

This policy establishes principles and practices for preparing Niagara Region's Capital Budget, operating impacts and multi-year capital forecast and the prudent use of funding. The Region recognizes the importance of creating a capital financing strategy. This strategy will utilize the following principles:

### 1.1. Ensure long-term financial sustainability and flexibility

- a. On an annual basis, the multiyear capital plan shall be analyzed for funding requirements.
  - i. Projects that are aligned to asset management should utilize reserves and any deficiencies shall be communicated and considered in the operating budget before utilizing debt.
  - ii. Projects that are supporting growth should be funded with development charges.
  - iii. Projects that are new strategic investments should be funded with debt.
  - iv. The cost of servicing the debt and operating impacts of capital will be requested in the operating budget in the year the capital program is approved.
  - v. Favourable timing variances on debt charges or operating impacts resulting from timing of project completion will be utilized to substitute previously approved debt or fund pay as you go for projects aligned to the asset management plan or otherwise as approved in the budget.
- b. To the extent practicable, the hierarchy and principle of allocating funding will be in the following order.
  - i. External sources that are known to the project should be utilized first
  - ii. Federal Gas Tax will be allocated to reduce the use of reserves or debt funding.
  - iii. Development Charges Reserve will be allocated in accordance to the methodology included in the Development Charge background study.
  - iv. Reserves (pay as you go) will be allocated as defined under C-F-013 Reserve and Reserve Funds Policy and as updated from time to time to support renewal investment and state of good repair projects as identified in the asset management plan.
  - v. Debt will be utilized for growth and strategic investment projects.
