
MEMORANDUM

CAO 15-2019

Subject: Council's Strategic Plan Video

Date: November 14, 2019

To: Regional Council

From: Kristen Delong, Manager of Internal Control & Organizational Performance

After an extensive and thoughtful process which created Council's 2019-2022 Strategic Plan, Regional Council approved their strategy and implementation plan late this summer. To complete the rollout of the strategy, staff have prepared a summary video which can be used to share Council's priorities throughout the term of Council.

We invite you to view the video on the Regional website at www.niagararegion.ca/priorities.

Additionally, staff are working to set up each of Council's strategic projects identified in the Implementation Plan. As projects are scoped, they will be added to our external project webpage, www.niagararegion.ca/projects, where you can view them under the project type category "Council Strategic Priorities". We expect projects to be uploaded over the course of the next several months as projects are scoped and resourced.

Respectfully submitted and signed by

Kristen Delong, MStats
Manager of Internal Control & Organizational Performance
