Why is Government Relations and Advocacy Important?

1. **Government policy is complex**: we need to be able to communicate Niagara’s needs and concerns effectively in order to influence federal and provincial government policy.

2. **We need to set ourselves apart**: with 444 municipalities in Ontario and over 3,500 across Canada all competing for government funding and policy changes, we need to be strategic when advocating for Niagara.
There is agreement between Niagara Region and the 12 Local Area Municipalities that communicating consistent, united messaging to federal and provincial governments is critical to achieving effective policy changes and securing additional funding.
Developing one set of consistent priorities, in partnership with the local municipalities, will be key to moving forward.
What was included in the process?

• Robust interviews with all 12 of the local area CAOs and senior staff (and some mayors)
• The strategic plans of the Region and LAMs
• Annual budget documents
• The Region’s economic development strategy
• Provincial policy direction and annual budget
• Party and government platforms
Scoring Criteria for Priority Identification

1. Is the issue Niagara specific?
2. Are other organizations involved? Do we have partners?
3. Does it have a Region-wide benefit?
4. Does it align with council’s strategic goals and direction?
5. Has there been previous or current effort on this issue?
6. Does this issue have alignment with provincial policy or direction?
7. Does the Region stand to benefit financially or socially?
Six Priority Areas

- Housing and Homelessness
- Transit Services
- Transportation Networks
- Infrastructure
- Protecting the Environment
- Economic Development

Specific Advocacy Issues
Niagara Region Specific Issues

• Funding for homelessness, human trafficking and social assistance programs

• Mobile Integrated Health Model

• Public Health Funding

• Investments in front-line care for seniors living in long-term care and continued support for two significant redevelopment projects
Anything missing?

The Region will support individual local area municipalities in their government relations priorities as appropriate.
The Return of Niagara Week
Niagara Week 2020

• Return to the highly successful model implemented from 2009 - 2014
• May 25 – 27, with a formal reception on the Monday night
• Hour-long delegations in support of our advocacy priorities
• Considerable support from MPP Oosterhoff’s office
• In partnership with the Greater Niagara Chamber of Commerce
• Steps being taken to manage costs (i.e. travel, meals, etc.)
A Note About Delegation Participation

• Higher levels of preparation are required than an AMO briefing
• Consider optics: Consider delegation size with a government focused on efficiencies
• All councillors are invited to attend the reception on Monday night
Recommendations to Council

1. That Regional Council **ENDORSE** the list of priority advocacy issues outlined in this report that incorporate the shared priorities of the local area municipalities

2. That Regional Council **ENDORSE** the list of priority advocacy issues outlined in this report that are specific to Regional operations or jurisdiction

3. That staff **BE DIRECTED** to plan and execute a “Niagara Week” event occurring May 25 - 27, 2020 in collaboration with the 12 local area municipalities and the local business community
