Based on the audit evidence obtained, our assessment of the risks of material misstatement due to fraud remain appropriate.

Independence

We have developed appropriate safeguards and procedures to eliminate threats to our independence or to reduce them to an acceptable level. We confirm that we have complied with relevant ethical requirements regarding independence.

Fraud risk

Significant accounting practices, judgments and estimates

Independence

Conclusion

Significant accounting practices, judgments and estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. These judgments are normally based on knowledge and experience about past and current events, assumptions about future events and interpretations of the financial reporting standards. During the year ended December 31, 2019, management advised us that there were no significant changes in accounting estimates or in judgments relating to the application of the accounting policies.

Conclusion

In accordance with Canadian GAAS, our audit was designed to enable us to express an opinion on the fairness of the presentation of the financial statements prepared in accordance with PSAS. No restrictions have been placed on the scope of our audit. In performing the audit, we were given full and complete access to the accounting records, supporting documentation and other information requested. We intend to issue an unmodified audit report on the financial statements of the Region for the year ended December 31, 2019 once the outstanding items referred to above are completed satisfactorily and the financial statements are approved.

Audit risks

The areas of audit risk identified as part of our risk assessment, together with our responses and conclusions, are described below.

Region of Niagara

Revenue and deferred revenue amounts*

Audit risk

Canadian Auditing Standards include the presumption of a fraud risk involving improper revenue recognition.

Our audit response

- Substantive testing to determine if restricted contributions (i.e., development charges, conditional grants, etc.) have been recognized as revenue in the appropriate period.

Audit results

No significant issues were noted as a result of this testing.

Year-end cut-off

Audit risk

Determine if cut-off of revenues and expenses is appropriate.

Our audit response

- Substantive testing on accounts payable, accrued liabilities, deferred revenue and accounts receivable, and
- Test disbursements subsequent to year-end.

Audit results

No significant issues were noted as a result of this testing.

Tangible capital assets

Risk identified

Appropriate accounting and disclosure.

Our audit response

- Test assumptions used in determining completeness, valuation, recording and cut-off of additions and disposals, and
- Testing of calculations of amortization.

Audit results

No significant issues were noted as a result of this testing. See appendix 3 for corrected misstatement related to tangible capital assets held for sale.

Year-end accruals and other estimates (including salaries, employee future benefits, landfill closure and post-closure liability, contaminated sites and allowance for doubtful accounts)

Risk identified

Estimates require management judgments and assumptions.

Our audit response

- Obtain documentation on management’s control over accounting estimates and assess risk;
- Review and assess the consistency of major assumptions used to develop significant accounting estimates;
- Compare actual historical experience to models employed in such calculations’
- Obtain calculations from experts for accruals such as employee future benefit liability and landfill liability, and assess assumptions and data used to prepare the report; and
- Review actual outcome of prior year estimates.

Audit results

No significant issues were noted as a result of this testing.

Management override of controls*

Audit risk

Management override of controls is a presumed area of risk in a financial statement audit due to management’s ability to override controls that otherwise appear to be operating effectively.

Our audit response

- Our audit tests the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of financial statements;
- We obtained an understanding of the business rationale for significant transactions that we become aware of that are outside of the normal course of business, or that otherwise appear to be unusual given our understanding of the Region and its environment;
- We reviewed accounting estimates for bias and evaluate whether the circumstances producing the bias, if any, represent a risk of material misstatement;
- In addition, experienced Deloitte personnel were assigned to the testing and review of journal entries and areas of estimates; and
- Professional skepticism was maintained throughout the audit.

Audit results

Management has represented to us that they have not identified any fraud or illegal items and our audit procedures support this assessment.

Niagara Regional Housing
Tenant and other receivables/revenue*

Audit risk

Canadian Auditing Standards include the presumption of a fraud risk involving improper revenue recognition. Valuation of tenant and other receivables.

Our audit response

- Review aging reports and estimate allowance for doubtful tenant receivables for reasonableness;
- Confirm subsidies received from the Service Manager; and
- Perform detail testing of tenant and other receivables and related revenue.

Audit results

No significant issues were noted as a result of this testing.

- Confirm long-term debt balances; and
- Recalculate interest.
